

Election to the Executive Committee of the European Bridge League
Antalya – June 2007

Candidate: David R. Harris (England)

I seek re-election to the Executive of the European Bridge League and have the full support of the Board of English Bridge Union. I have been a member of the Executive since my election in Menton in 2003. During my period of office I have endeavoured to promote a greater degree of involvement by the less established Federations. I have been Chairman of the NBOs Relationship and Seminar Committee and I was particularly pleased with the level of attendance and participation at the Seminar in Rome earlier this year. I believe that it is important to encourage the major Federations to assist the less established Federations in their development. The EBL must be conscious of the limited resources available to many of the Federations and should, in my opinion, organise the Championships in a way that will encourage a higher level of entries.

I work as a Barrister-at-Law having previously been Managing Director and Chief Executive of various companies within the construction industry.
